

# CHOOSING THE RIGHT CARE OPTION

## *For Same Day Medical Care*

**Need care when your  
primary care provider  
(PCP) isn't available?**

**You have low cost options.**

If you need immediate care but don't think you need to go to an emergency room, consider using Doctor On Demand or going to a Harvard Pilgrim participating stand alone urgent care center or CVS Minute Clinic. These options can help you get taken care of more quickly and cost you less.

***Remember, if you think you're having a medical emergency, call 911 or go to the nearest ER.***

For the most up-to-date list of same day care locations or if you have questions, call HPI Customer Service at 844-926-2262 or visit us online at [healthplansinc.com/BMC](http://healthplansinc.com/BMC)

# DOCTOR ON DEMAND SEE A DOCTOR 24/7, ANYTIME YOU NEED CARE OR HAVE A QUESTION

## Mental Health Care<sup>3</sup>

From the privacy of your home, Doctor on Demand has a team of mental health providers (psychiatrists and psychologists) you can choose from based on your preferences and clinical needs.<sup>4</sup>

<sup>1</sup>Availability more limited during overnight hours.

<sup>2</sup>Doctor On Demand physicians do not prescribe Schedule I-IV DEA controlled substances, and may elect not to treat or prescribe other medications based on what is clinically appropriate.

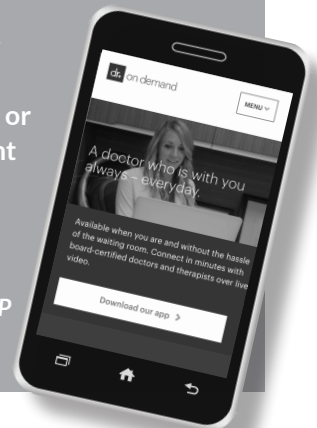

<sup>3</sup>Doctor On Demand is not meant for crisis or emergency mental health situations. If you are experiencing a crisis or emergency, call 911 or go to your nearest emergency room. Psychology visits are typically available within 48 hours to one week and psychiatry visits are typically available within 2-3 weeks.

<sup>4</sup>Doctor on Demand psychiatrists can prescribe medications when necessary for treatment; however, Doctor On Demand does not prescribe any controlled substances. In these cases, alternatives with less potential for abuse and dependence may be offered.
