BMC Pharmacy Benefits for Employees

FIND US ON THE INTRANET internal.BMC.org/pharmacy/outpatient/welcome.htm

Why Choose the BMC Pharmacies?

Cost

- If you are enrolled in a BMC employee medical plan you and your dependents can save **60% or more** off your copays by filling your prescriptions at a BMC Pharmacy
- BMC Pharmacies are regular retail pharmacies so even doctors not affiliated with BMC can send your prescription to BMC
- **\$0 copays** for specialty medications
- **\$0 copays** for people enrolled in the diabetes disease management program

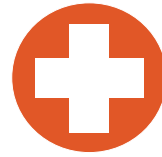

Convenience

- You can pick up a **30-day** or a **90-day** supply
- **Concierge Program** (we will deliver directly to you at work!)
- **Mail Order Delivery** prescription program
- **Automatic Refills** with text/email notifications when your prescription is ready
- **Prescription Renewals** to update expired prescriptions

Privacy

- Pharmacy records are separate from BMC patients' medical records to ensure your privacy. Only the pharmacists have access to view them.

How to Fill Your Prescriptions

- For a new prescription, tell your provider to send your prescription to the BMC pharmacy of your choice. Be sure to give them the location name (Yawkey, Shapiro, or DOB).
- To transfer a current prescription, call a BMC pharmacy and provide your current pharmacy's name, phone number and your prescription number. Or you may bring in your prescription bottles from another pharmacy.

Over the Counter

- Purchase low cost over-the-counter items or request an item that we are not currently carrying at the BMC pharmacy location of your choice

Connect with a BMC Pharmacist

Sign up for mail order, request a refill, ask a question on a medication, and more.
